Letter of Recommendation

To Whom It May Concern,

Over the years I have had the pleasure on numerous occasions to use SplitBeam (Gearhouse) as my equipment supplier.

On each occasion their service has been outstanding and their pricing excellent. SplitBeam operates with a level of care and passion that is rarely seen in equipment rental companies and I believe that it is this level of care and attention to detail that has made them the preferred supplier for many event producers both in South Africa and internationally.

The team at SplitBeam is dedicated and focussed and always happy to assist in any way that they can and always go above and beyond to accommodate the requirements of the event or production that they are serving.

They have supplied lighting and audio-visual equipment for me and helped me to realise my designs on numerous productions including *STARLIGHT EXPRESS*, *SISTER ACT* and *FULL MOON* amongst others.

The technical rehearsal process can be one of the most stressful times in the entertainment profession but SplitBeam are always there to help and offer great peace of mind in knowing that their equipment is always well serviced and maintained, well prepped and always installed on time and to schedule. Their range of equipment is first class and this offers the designer a good selection of creative tools to use in the creation and realisation of designs and events.

Without doubt, SplitBeam (Gearhouse) is my preferred equipment supplier.

Kind regards

Declan Randall
Designer
