Gearhouse Splitbeam (Pty) Ltd,
31 1st St, Johannesburg, 2047

Subject: Letter of Recommendation

To whom it may concern,

As a live entertainment design company we rely on rental specialists who provide quality equipment and technical services at the best possible price.

We operate largely in theatrical environments. Theater requires a certain amount of finesse and understanding. Splitbeam recognizes these requirements, which makes life a lot easier during the move in and pre-post production phases. These are just a few reasons why we have always chosen Splitbeam as our primary rental specialist.

Great service, quality gear and even better technical management & backup. Keep up the good work.

Regards,

Oliver M. Hauser
Director & Principal designer
